

MERRY CHRISTMAS
AND A HAPPY NEW YEAR

PlanetGear Type 581, 582 and 583

Gearbox solutions for Food Grade and General Purpose Washdown Applications

We've continued to innovate and we expanded our wash down options to include additional features in a wider breadth of series and frame sizes.

These features can handle wipe-down, light-to-medium wash down and food grade in different industries like beverage, dairy, seafood, pharmaceutical, bakery and cosmetic applications.

- VRL, VRB, VRS, VRT Series
- Frame sizes 3:1 – 100:1
- Stainless Steel Output
- NSF H1 Food Grade Grease
- Robust internal construction with helical gears

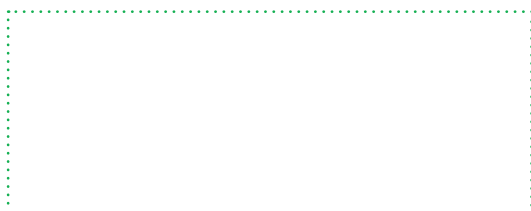

PlanetGear VRL, Type 582
