

**EvoGear LSV**

**EvoGear PLT**

## The All-Rounder in Servo Technology

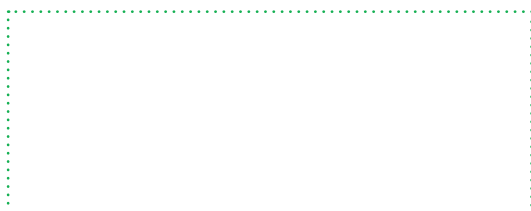

**EvoGear confidently combines all the advantages of high-performance transmissions and is aimed at all those who value high transmission ratio diversity and attractive design.**

EvoGear is the optimal solution for almost all applications and offers the user unique advantages:

- 4 Designs - including a planetary stage at the output end
- 17 Gear ratios
- Due to lifetime lubrication, the gears are practically maintenance-free under normal operating conditions
- Energy-saving due to high efficiency of up to 96%
- Precise due to low torsional backlash of <5 arcmin
- Variable motor attachment via lantern and coupling
